Derek and Bruce: I believe that the city's best resource is Mr. Kenneth Toru Hamayasu of the Department of Transportation Services.

Subject: Ala Wai Canal Project - Transit Line along Ala Wai

In a meeting between US Representative Abercrombie and Corps' Pacific Ocean Division Commander, Rep Abercrombie mentioned that the Ala Wai Canal Project needs to consider the route of the new Transit Line going along the Ala Wai Canal. Does anyone know or heard about this? If so, can you point me in the direction to find out more about the transit line running along the Canal.

Thanks. Derek
